Friday 20th March 2026

Dear Parent,

During the Spring term, our history topic focused on changes in farming from the Stone Age to modern farming today. In order to support this topic, we had a visit from Farmer Robert and Farmer George, have taken part in NFU webinars based on the science in farming and have begun bi-weekly calls with Farmer Steph. We are now switching this learning to a geographical focus with farming in the local area as part of our Summer Term geography work. To continue bringing these topics to life and to enhance a range of learning experiences to engage and develop children's knowledge, we have arranged a school trip to Dyson Farms, Nocton. The trip will involve a tractor and trailer ride, a tour of the working farm and the opportunity for the children to become farming detectives! The trip is run by the education team at Dyson Farms and is free of charge with just transport to be funded.

Friends of the School are kindly making a generous donation towards the coach costs which means the cost of this trip will be **£9.10** per child. No child will be prevented from attending the trip, however, if sufficient funds are not raised, the trip will not be able to go ahead.

Please do not send any money into school. You will receive a ParentMail before the end of term with details of how to pay online.

The trip will take place on **Tuesday 5th May**. The coach will **leave school at 9.30am** and we will **return to school before 3.25 p.m.**

On the day, your child **will need a packed lunch and a drink**. We will be spending the day outside so please ensure your child is prepared for the British weather (raincoats, sun hats and suncream!). All children can wear trainers (or wellies if wet) with their school uniform on the day.

Please complete and return the parent permission slip below before Friday 27th March.

If you have any further questions, please contact me.

Yours sincerely,

A. Jones
