Monday 27th January

Dear Parent,

We are constantly seeking to enhance every aspect of provision here at South Hykeham Community Primary School and we really value your views and feedback to make further improvements. As a school we value the feedback of our parents to help us understand what is working well and where we can further develop. We would now like to invite you to take part a series of school surveys. The surveys are broken down into key aspects of school life:

Safety and happiness in school,

Mental health and wellbeing,

Diversity and equality,

Special Educational Needs,

School curriculum,

Learning.

The surveys will be sent out over a period of 12 weeks with the first survey being sent today, Monday 27th January.

We are using the sort of questions that Ofsted poses when it conducts inspections as well as a few specific questions that help us to understand your wider views about the school. From this feedback we can then review and reshape how we as a school support the community that we serve.

The surveys are set up on a Microsoft form which can be accessed by clicking the link that will be sent via ParentMail. You should be able to complete the survey from any computer, tablet or phone.

We really value your feedback but we understand your time is precious so thank you in advance for participating.

Thank you for your continued support.

Mrs Jones
